Dinosaurs and the Bible - NJBibleScience.org

Did dinosaurs and people live at the same time? According to the Bible, yes! According to evolution, no 22 Dinosaurs were made on the same day as Adam (Day 6) Dinosaurs became extinct about 65 million years ago, while the first people evolved only about 100,000 years ago NJBibleScienceorg

Evidence for mesothermy in dinosaurs

Over the past few decades, the original characterization of dinosaurs by early paleontologists as lumbering, slow-metabolizing ectotherms has been challenged Recent studies propose that dinosaurs were capable of an active lifestyle and were metabolically similar to endothermic mammals and birds (1-3) This debate is of more than heuristic
